PROFILE

Transforming ideas into functional, user-friendly applications by combining frontend and backend technologies. I specialize in building scalable, robust web solutions that prioritize performance and clean design. Driven by a passion for continuous learning, I strive to deliver impactful software that meets industry standards and exceeds user expectations.

EDUCATION

- **SLIIT - Faculty of Computing (Undergraduate)**
BSc (Hons) in Information Technology - Specializing in Information Technology (2023-Present)
- **G.C.E Advanced Level**
Arts Section
Thalduwe Buddhist (National) College Avissawella.

SKILLS

- Programming languages: **JavaScript, Java, PHP, Python, C, C++**
- Frontend Technologies: **React.js, HTML, CSS**
- Backend Technologies: **Node.js, Express.js, PHP, REST APIs, SpringBoot, Python**
- Databases: **MongoDB, MySQL, pgAdmin4, Oracle SQL Developer**
- Tools & Platforms: **GitHub, Docker, Postman, Figma, Android Studio, VS Code, RStudio**

PROJECTS

- **UniIntern | Student Management System**
 - Designed and implemented the student internship management module, allowing students to discover internship opportunities, apply online, monitor application progress, and manage interview schedules through an integrated platform.
 - Developed RESTful APIs and database operations to support the end-to-end application process.
 - Collaborated full-stack development by connecting backend services with frontend workflows for a seamless user experience.

Technologies Used: Spring Boot, Java, PostgreSQL, REST API, Node.js, React, CSS, HTML

GitHub: <https://github.com/JVliyanarachchi21/uniintern.git>

- **CoreGride (Smart-Campus) | Facilities & Assets Catalogue**
 - Developed an administrative dashboard for managing campus facilities and assets.
 - Built RESTful APIs and implemented CRUD operations with Node.js, Express, and MongoDB.
 - Enabled real-time facility visibility and asset tracking with robust data validation.

Technologies Used: React, MongoDB, Node.js, Express, SpringBoot, Java

GitHub: <https://github.com/Nadulahatharasinghe/it3030-paf-2026-smart-campus-20>

- **OnlineTourGuide | Tour Guide Booking Platform**

- Built a web application for managing tour guides, bookings, schedules, payments, and user profiles.
- Implemented CRUD functionalities using Java Servlets, JSP, JDBC, and MySQL.
- Applied MVC architecture principles and version control using GitHub.

Technologies Used: Java, MySQL, CSS, HTML, MEAN Stack

GitHub: <https://github.com/jayadewa123/Online-Tour-Guide.git>

- **FixItNow | Item Exchange Platform**

- Developed a maintenance request management system for clients, administrators, and technicians.

Implemented request submission, add to the request, and check to the customer request Details and other features

Technologies Used: Postman, REST APIs, HTML, CSS, MEAN Stack, JavaScript

GitHub: <https://github.com/jayadewa123/FixItNow.git>

- **DailyPulse | Habit Tracker Mobile Application**

- Designed and developed a wellness tracking mobile application using Android Studio.
- Implemented habit tracking, mood journaling, and hydration reminder functionalities.
- Added notification and home-screen widget support to improve user engagement.

Technologies Used: Android Studio(Kotlin)

GitHub: https://github.com/jayadewa123/Daily-Routines_MAD_Y2S2.git

- **Baby Care | Baby Care Management UI/UX Design**

- Designed a mobile application prototype for Baby Care and wellness management using Figma.
- Created interfaces for Baby Feeding Amount, Clothes, Sleeping Times, Baby Milestones and Healthy monitoring.
- Applied modern UI/UX principles to improve usability and user experience.

Technologies Used: Figma

- **Movie Booking System | User Management Module**

- Developed user registration, login, profile management, and movie ticket booking functionalities using PHP and MySQL.
- Integrated database operations and session-based authentication to provide a secure user experience.

Technologies Used: PHP, MySQL, HTML, CSS

GitHub: <https://github.com/jayadewa123/Movie-Booking-System>

SOFT SKILLS

- | | |
|------------------------------|-------------------|
| • Problem Solving | • Time Management |
| • Teamwork and collaboration | • Communication |
